Overview

This conference aims to provide a stage for expert technical exchange and exhibition regarding the advanced technologies, equipments, techniques and innovations applied in field of Computer Engineering. It has attracted governmental officials, multinational experts, managers, researchers and technicians in relevant field to discuss together their ideas and experiences. The Organizing Committee of the ICETCE-2018, with its utmost sincerity, intends to invite all the related experts and scholars in the country to attend the Conference, and to realize the most extensive exchanges and discussion in this field.

About SKIT

Swami Keshvanand Institute of Technology, Management & Gramothan was established in the year 2000 to promote quality education in engineering & technology by a team of committed professional & academic. During all the past years SKIT has emerged as a premier center of technical education not only in Rajasthan but also in northern India which has been realized through efficient & dedicated faculty members, innovative teaching learning methods, state of the art infrastructure and core values of discipline. The institute is affiliated to the Rajasthan Technical University, Kota and approved by All India Council for Technical Education (AICTE), Ministry of Human Resource Development, and Government of India, to offer undergraduate & postgraduate programs in Engineering, Management. All the departments of the institute are accredited by National Board of Accreditation (NBA).

Call for Papers

1st International Conference on Emerging Technologies in Computer Engineering (ICETCE-2018) will provide an excellent international forum for sharing knowledge and experimental results in theory, methodology and applications of Emerging Technologies. The Conference looks for significant contributions to all major fields of the Computer Science and Information Technology in theoretical and practical aspects. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field. Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances

Submit your paper in .doc or .docx format by sending it as an E-mail attachment to icetce2018@skit.ac.in.

OR Upload manuscript to: <http://www.ispacs.com/ojids/login.php>

Themes

- Deep learning for Intelligent Systems and Big Data Analytics
- Deep learning in Image Processing
- Deep learning in Natural Language Processing
- Representation or feature learning via Deep learning
- Speech recognition using Deep learning
- Deep learning in biomedical sciences

Web Mining

- Data Mining, Data Warehousing & Knowledge Discovery in Web
- Web Intelligence and Computing
- Soft computing theory and applications
- Clustering, classification, and summarization of Web data
- Multimodal Web content mining
- Algorithms and systems for Web-scale mining
- Learning representations and features from Web data

Network and Security

- Information and System Security
- Mobile and Pervasive Computing
- Software Defined Networks and Network Programming
- Human Computer Interaction and Interface
- Information Theory and Coding
- Wireless Networks

Image Processing and Applications

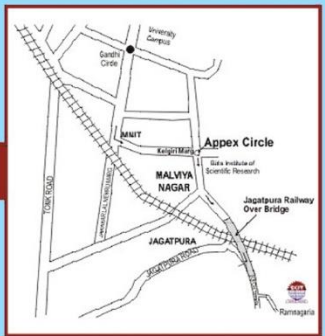

- Biometrics and Human Computer Interface, Medical Imaging
- Data & Image Compression
- Features Selection & Extraction Techniques
- Image Enhancements, Internet & Web Applications
- Computer Vision and Pattern Recognition
- Digital water marking techniques

Important Dates

- Last Date of Submission of Paper: **09th January, 2018**
- Notification for Acceptance of Paper: **16th January, 2018**
- Last Date of Camera Ready Copy: **18th January, 2018**
